Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

I was issued a stop order to zoning bylaw infraction of A DRIVEWAY EXTENTION. I was ordered to either apply for a development permit for the driveway extension or demo the hard surface. I have no problem applying for a development permit, but my exterior alteration are not for parking nor is it a driveway. This are walkways and not intended use for vehicles parking. There is no development permit application for walkways only driveways which mine is not.

AN APPEAL FROM THE DECISION OF THE DEVELOPMENT COMPLIANCE OFFICER

APPELLANT:

APPLICATION NO.: 654813252-004

ORDER: Pursuant to Section 645 of the Municipal Government Act, RSA 2000, c M-26, you are hereby ordered to complete the following actions by July 10, 2026:
- Remove any outdoor storage of business materials from the property.

DECISION OF THE DEVELOPMENT AUTHORITY: Order Issued

DECISION DATE: May 25, 2026

DATE OF APPEAL: June 16, 2026

MUNICIPAL DESCRIPTION OF SUBJECT PROPERTY: 2060 - 28 AVENUE SW

LEGAL DESCRIPTION: Plan 7521733 Blk 2 Lot 5

ZONE: AG - Agriculture Zone

OVERLAY: N/A

STATUTORY PLAN: Decoteau Area Structure Plan

DISTRICT PLAN: Ellerslie District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

This appeal is for a bylaw issue not from the development board. All development on this site was previously approved by the development office, and I have copies of the communications confirming this. These are agricultural developments being done on a property zoned as agricultural, therefore according to the zoning bylaws no development permits are needed, and no building permits are needed! even though this has been dealt with a number of times in the past, by other bylaw officers, the current bylaw inspector chose to ignore the previous development and bylaw decisions.

<i>General Matters</i>

Appeal Information:

The *Municipal Government Act*, RSA 2000, c M-26 states the following:

Stop order

645(1) Despite section 545, if a development authority finds that a development, land use or use of a building is not in accordance with

(a) this Part or a land use bylaw or regulations under this Part, or

(b) a development permit or subdivision approval,

the development authority may act under subsection (2).

(2) If subsection (1) applies, the development authority may, by written notice, order the owner, the person in possession of the land or building or the person responsible for the contravention, or any or all of them, to

(a) stop the development or use of the land or building in whole or in part as directed by the notice,

(b) demolish, remove or replace the development, or

(c) carry out any other actions required by the notice so that the development or use of the land or building complies with this Part, the land use bylaw or regulations under this Part, a development permit or a subdivision approval,

within the time set out in the notice.

(2.1) A notice referred to in subsection (2) must specify the date on which the order was made, must contain any other information required by the regulations and must be given or sent to the person or persons referred to in subsection (2) on the same day the decision is made.

(3) A person who receives a notice referred to in subsection (2) may appeal the order in the notice in accordance with section 685.

Permit

683 Except as otherwise provided in a land use bylaw, a person may not commence any development unless the person has been issued a development permit in respect of it pursuant to the land use bylaw.

Grounds for Appeal

685(1) If a development authority

- (a) fails or refuses to issue a development permit to a person,
- (b) issues a development permit subject to conditions, or
- (c) issues an order under section 645,

the person applying for the permit or affected by the order under section 645 may appeal the decision in accordance with subsection (2.1).

...

(2) In addition to an applicant under subsection (1), any person affected by an order, decision or development permit made or issued by a development authority may appeal the decision in accordance with subsection (2.1).

(3) Despite subsections (1) and (2), no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of the land use bylaw were relaxed, varied or misinterpreted or the application for the development permit was deemed to be refused under section 683.1(8).

Appeals

686(1) A development appeal is commenced by filing a notice of the appeal, containing reasons, with the board hearing the appeal

- (a) in the case of an appeal made by a person referred to in section 685(1)
 - (i) with respect to an application for a development permit,
 - (A) within 21 days after the date on which the written decision is given under section 642, or
 - (B) if no decision is made with respect to the application within the 40-day period, or within any extension of

that period under section 684, within 21 days after the date the period or extension expires,

or

- (ii) with respect to an order under section 645, within 21 days after the date on which the order is made, or
- (b) in the case of an appeal made by a person referred to in section 685(2), within 21 days after the date on which the notice of the issuance of the permit was given in accordance with the land use bylaw.

Hearing and Decision

687(3) In determining an appeal, the board hearing the appeal referred to in subsection (1)

...

- (a.1) must comply with any applicable land use policies;

- (c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;
- (d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,

 - (A) unduly interfere with the amenities of the neighbourhood, or

AN APPEAL FROM THE DECISION OF THE DEVELOPMENT PLANNER

APPELLANT:

APPLICATION NO.: 520767808-002

APPLICATION TO: Convert a Residential Single Detached House to a Child Care Service with up to 49 children, and construct interior and exterior alterations (outdoor play area in the Backyard)

DECISION OF THE DEVELOPMENT AUTHORITY: Approved with Conditions

DECISION DATE: May 29, 2026

DATE OF APPEAL: June 16, 2026

RESPONDENT:

MUNICIPAL DESCRIPTION OF SUBJECT PROPERTY: 3404 - CHECKNITA TERRACE SW

LEGAL DESCRIPTION: Plan 1823329 Blk 2 Lot 35

ZONE: RSF - Small Scale Flex Residential Zone

OVERLAY: N/A

STATUTORY PLAN: Cavanagh Neighbourhood Area Structure Plan

DISTRICT PLAN: Southwest District Plan

Grounds for Appeal

The Appellant provided the following reasons for appealing the decision of the Development Authority:

The appeal is based on the significant variances and unresolved compliance issues associated with the approved development permit for a 49 child daycare at 3404 Checknita Terrace SW. The proposed floor area of 338?m exceeds the 300?m maximum permitted for Child Care Services, enabling a larger operation than the site and zoning are intended to support and directly increasing traffic, parking demand, and overall site intensity. The permit also grants a major variance to the required five on site pick up/drop off stalls by allowing only two, which will create on street queuing, unsafe stopping patterns, and circulation conflicts in an already constrained residential street. In addition, the application does not demonstrate adequate nuisance mitigation for the outdoor play area, nor does it provide clear landscaping or buffering measures required to ensure compatibility with adjacent residential yards. The development also introduces commercial scale waste generation without showing how bins, storage, and pickup will be managed to avoid odour, visibility, and noise impacts on neighbouring homes. Collectively, these deficiencies show that the development does not meet the intent of the Zoning Bylaw for safety, compatibility, and functional site design, and the variances granted materially increase impacts beyond what is reasonable in a low density residential context. More information will be provided.
